

devfix/base/strcvt.h

```
graph TD; A[devfix/base/strcvt.h] --> B[string]; A --> C[clocale];
```

The diagram illustrates a dependency or relationship. At the top, a gray rectangular box with a black border contains the text 'devfix/base/strcvt.h'. Two blue arrows originate from the bottom center of this box. The left arrow points diagonally down and to the left, ending at the top center of a white rectangular box with a gray border containing the text 'string'. The right arrow points diagonally down and to the right, ending at the top center of another white rectangular box with a gray border containing the text 'clocale'.
