

devfix::net::inetaddress
::get_port

TEST

```
graph RL; TEST[TEST] --> devfix[devfix::net::inetaddress::get_port];
```

The diagram illustrates a function call. On the right, a white rectangular box with a black border contains the text "TEST". A dark blue arrow points from the right side of this box to the right side of a larger, gray rectangular box with a black border on the left. The gray box contains the text "devfix::net::inetaddress" on the top line and "::get_port" on the bottom line, representing a namespace-qualified function call.
